

Dye Pricing

- The first pound of a single fabric per color is billed at \$120.
- For every additional pound of fabric there is an additional charge of \$20.
- \$5 per yard handling fee for 5 or more yards of a single fabric.
- \$1 per yard handling fee for trim.
- 20% Surcharge Fiber Reactive Dyes & Dark Colors.
- Framing (optional) is \$2 per yard and is done by an outside company (adds 7–10 days to the turnaround time). We are not responsible for shipping costs associated with framing.
- The maximum dye lot is 12 lbs. of fabric.
- Multiple dye lots to the same color will vary.
- A maximum of 2 corrections are allowed free of charge.

- Please note that we do NOT dye polyester (Micro-Fiber), leather, fur, garments with coatings (Scotch Guard, etc.) and Acrylic.

- We dye (but not limited to):
 - Fleece (up to 3 yards maximum)
 - Angora (up to 1 yard maximum)
 - Cashmere and thick Wool (up to 2 yards maximum)

- We do not guarantee color fastness in anything that we dye. This means that the color may run or bleed. This is especially prevalent when dyeing denims and other tightly woven fabrics. We can dye fix certain fabrics for a flat fee of \$70, however we still do not guarantee color fastness in these fabrics.

- Clothing articles with linings have a tendency to pucker around the seams since the lining and face fabric will shrink at different rates during the dye process.

- Chiffon and other sheers are priced by the yard, not by weight, due to its extremely light weight.

- Rush Charges: 24 Hours = 200%; 48 Hours = 100%; 3 Days= 50%.
